## MALAYSIAN PALM OIL STOCK UP AT 1.75 MMT

Palm oil stocks of Malaysian increased by 1.85% first time in six months to 1.74 million tons as on 30 April 2024 on recovery in production according to MPOC. In the period of January to April 2024 Malaysian's palm oil production increased by 439,000 tons or 6%, white exports increased modestly by 94,000 tons or 2%. Domestic consumption in Malaysia sloved down to 270000 tons against 12 months average of 360000 tons. Malaysian palm oil production and stocks experted to gradually increase according to MPOC. Indonesia's palm oil exports between January and March 2024 declined by 12% or 815000 tons in comparision to the same period of last year.

## PALM OIL EXTENDS GAIN

Malaysian palm oil futures for August delivery rose by RM 15 or 0.38% to RM 3936 (\$ 821.48) per ton as if 21/5/2024 early trade. Prices were down in the later trade according to the news sources, due to weaker export data. Decling exports and higher inventories likely to put pressure on prices.

## VIETNAM DOMESTIC BLACK PEPPER PRICES AT RECORD HIGH

Due to increased demand and lower supply black pepper prices increased to all time high in domestic markets of Vietnam. Export demand have been increased from USA, Europe and China. Limited supply and higher export demand may further put pressure on black pepper prices.

## CHICKEN PRICES UP ON SUMMER HEAT AFFECTED PRODUCTION

Chicken prices rose due to summer temperature had affected survival of birds and thus production is lower according to the news sources. On the other hand demand have been increased due to election campaigns and other reasons. Procurement prices and other costs also increased.
