GLOBAL RICE PRICES INCREASED AFTER INDIA RAISE MSP

Global rice prices set go higher after India increased minimum support price MSP for the food grains. Many countries in Asia and Africa are likely to face shortage of rice. Prices are increasing Paddy harvest of Kharif crop exported to delay by one month due to delayed monsoon and planting. Prices likely to stay higher till Kharif harvest. Now sowings of Kharif crops are in progress.

ANDRA PRADESH'S CASHEW INDUSTRY IN PALASA CALLS 25 DAYS BANDH

Cashew industries in Andhra Pradesh's Palasa region of Srikakulam district have called 25 days bandh from July 5 to Aug lower decisions cashew nut prices. They have decided to shut down cashew processing units in Palasa region. Cashew kernels prices have dropped considerably and exports declined from past few years. Industry has been depending on domestic market for sales. Cashew kernels are illegally imported from Vietnam and other countries at lower prices creating problems for domestic processors. Bandh will hit livelihood of thousands of workers employed in processing units.
